

PERSONALIZED  
EYE STRAIN RELIEF

SINGLE-VISION  
FIT AND FEEL

EFFORTLESS ADAPTATION

TARGETED BLUE  
LIGHT DEFENSE<sup>1</sup>

UNITY® RELIEVE LENSES

unity®

Unity Relieve Lenses help your single-vision patients combat digital eye strain from device use in a unique design with the familiar feel of a single-vision lens.

## A 3-PRONGED APPROACH TO REDUCING EYE STRAIN

Unity Relieve provides unrestricted distance vision, a slight power boost in the near, and targeted blue light defense to reduce symptoms of digital eye strain and fatigue.

## DESIGNED FOR THE PATIENT, NOT THEIR AGE

Unity Relieve is designed to be easily customized to each patient's unique visual needs rather than their age group. A personalized fit means better results and a superior patient experience.

## BLUE LIGHT DEFENSE, AN ADVANTAGES INCLUDED

Every pair of Unity Relieve Lenses comes paired with TechShield™ Blue, the next-generation anti-reflective coating that reduces blue light exposure, improves visual performance, and enhances cosmetic appearance.<sup>2</sup>

**SUPERIOR**  
to Eyezen™ for  
relief of visual  
fatigue symptoms.<sup>2</sup>

**RATES 4 TO 1**  
among patients with digital  
eye strain symptoms.<sup>3</sup>

**DIGITAL EYE  
STRAIN BY  
THE NUMBERS**

**59%** of American adults  
experience symptoms of digital  
eye strain.

**2 HOURS** is all it takes for  
symptoms of eye strain to surface.  
—The Vision Council
